

Mindspan: Peak Performance Manual for Your Mind

Do you ever feel that you're not really performing in life? Do you ever feel like life is passing you by all too quickly? Would you like to discover how to get more from your life by getting more out of yourself? MindSpan brings to life years of research from psychology, mental performance and personal development. Whether you seek more from life, want to improve a particular area of your performance or desire to be the very best you that you can be, this book reveals the thinking and mental principles that will allow you to release your true potential. Most people look outside themselves when their lives or careers are unsatisfactory. MindSpan shows that the answers to our life challenges are always within ourselves: in the way we think about our self, our life and our world around us. Discover how to... * Change your thinking to create your life outcomes * Become clear about what you really want in life * Develop self-belief and confidence * Gain control of your life and relationships in an instant * Reduce stress and experience more happiness and fulfilment
