

The Owens Legacy: Revelations

When telepathic twins, Piper and Ryder Owens are dumped at Evermore Academy, they thought that the only thing theyd have to worry about was Piper staying out of trouble long enough for them to graduate. They will not, for any reason, be separated. But someone at Evermore knows about their secret and wants to separate them permanently. But then Pipers Achilles Heel shows up: a good looking guy. Victor Mira is everything Piper is supposed to avoid, yet she feels drawn to him in a way she never imagined. But Victor is hiding a dangerous secret too, and what he knows could be the one thing that could divide the sisters. Forever.
