

God Almighty has given us the only truth in his Holy Scriptures. The Bible is the Word of God Almighty which has all knowledge contained within it. It contains all the means to any end. It has power within its self. The Bible is the only book where God Almighty himself has placed his hands and literally written therein. Beware and understand that once read and understood the word of God Almighty holds each of us accountable from that point of understanding. We know that there is a line drawn in the sands of eternity and whether we know it or not or whether we believe it or not, we stand on one side or the other. We are all on the side of truth or we are on the side of untruth. Chose the truth: we must choose the truth. We know that there is no second chance when the end comes. And it will come. God Almighty has said it and has set the end of eternity present.
