

Dr. Brown has developed and led successful experiential training programs in the Florida swamps to resolve relationship problems among high school students in high-risk areas. He led groups of 300 pharmacists through personal conflict resolution experiences, as well as groups of neighborhood women and men in emotional survival encounters. Rational living, stress management, conflict resolution, and problem solving workshops were presented to industrial managers, school psychologists, college students, counselors and administrators with exciting success. Stress management, Rational Emotional Behavior Therapy, and rational use of hypnosis are topics Dr. Brown has presented nationally. He is board certified by the National Academy of Certified Clinical Mental Health Counselors, and the National Board of Certified Counselors, Inc. He is presently a Professor of Psychology at International College in Fort Myers, Florida. This book contains a collection of stories written by Dr. Brown for his family, patients and students.
