

## The Problem with Pumpkins

Though Maggie Redmond expects to get a wannabe jack o lantern when she drives her twin brothers to The Pumpkin Patch, she actually winds up with more. Brendon Fletcher, handsome grandson of the owner, cant take his eyes off her. Naturally shes thrilled when he calls her later, asking if he can tag along while she takes the boys trick or treating. Can this be true love? Maybe...but only if they survive the plans a nefarious black cat has for them.
