

Do you find yourself in a dead-end job? Do you find yourself wondering time and time again, Is this all there is? Do you feel that you have a talent but dont know how to develop it? Do you wish you could experience an abundance of joy, love, and wealth in your life? Tap into what author and motivational teacher Christine Goss calls the smashing power of the mind. Goss has led hundreds of clients toward realizing their full potential through her belief system of illuminating the psyche into believing in what can be-what truly already is-if only one recognizes the power within. The possibilities that the Universe allows us are infinite. The immeasurable dynamics of living are at our disposal each and every second. Goss theory is partly based on the concept of Biocentrism, a theory that proposes that the universe exists because of the life that it contains; therefore, you matter. Your thoughts, your actions, and your perceptions are all that stand between you manifesting your own abundance. Create the life you crave and deserve. Goss enlightening and spiritual workbook will guide you toward releasing your ill-rational beliefs about money and embracing a life beyond your wildest imagination. Christine Goss is a writer, counselor and teacher. Mrs. Goss has written two other books and lives with her husband in Georgia.
