

Gwydion has been named Tanist of Gwynedd, full heir of Math ap Mathonwy, and able to act in his name, but winning the approval of the people is a different matter. He also has to learn how to control and talk to the winds before they drive him crazy. And just when he starts to think he is gaining control of his life, his cousin Gilventhy comes to him to ask for help winning the love of Maths foot holder, and promises to help him win the heart of Arianrhod in return. All it will take is a little war... The sequel to Wizards Heir continues the story of Gwydion, as he struggles to control his own destiny as his power grows.
