

## The Scarlet Thread

My name is Kaidance Monroe, and sometimes when I touch people, I see how they die. After I saw my little brothers death but failed to stop it, my parents abandoned me to a juvenile detention facility. I dont let people touch me anymore. Not my fingertips, not my skin, not my heart. Just before I turned 18, I got a visit from a cute guy, who tricked me into giving up my secrets. He said I was special, but he wasnt the only searching for me. I barely escaped with my life. Now Im in a mansion, learning how to control my abilities - abilities so powerful, even the gods are jealous. I didnt mean to make anyone fall for me. Certainly not my would-be killer. And I never imagined how far he would fall. The Scarlet Thread is a dark fantasy for fans of Greek mythology and Gothic romance. Fans of Fallen and Percy Jackson will be captivated by this mashup of fallen angels and forgotten gods. This is ++PART ONE++ of the first book in the Fated Destruction series (it ends on a cliffhanger...) I just cant help but gush over every Derek Murphy book I read. All are extremely well written, have captivating characters and story lines that grab you with their intensity and depth and dont let go. Scarlet Thread is no exception to that. As with all of Dereks books, this is an immensely enjoyable read! - Sara?????
