

## The Secrets of Attraction

Set in the same world as *The Promise of Amazing*, this smart, surprising, and romantic follow-up to Robin Constantine's debut novel follows two New Jersey teens as they become friends and fall in love. Perfect for fans of Sarah Mlynowski, Jenny Han, and Morgan Matson. Madison Pryce thinks she's got everything figured out: she's working on a portfolio for a summer art program and hanging with her friends. Plus she has her hot boyfriend, Zach. But then a visit from a family friend turns Madison's life upside down. Jesse McMann is still reeling from a breakup that shattered his heart and his band. Then pride (and some goading from his bass player and fellow barista) forces him to find a new drummer and the inspiration to write music again. Kismet arrives in the unlikely form of Grayson Barrett, who tries out for Jesse's band, and whose girlfriend is Madison's BFF. What Jesse and Madison thought they knew about the secrets of attraction and the rules of romance changes once they start falling for each other.
