

The Sixsmiths - Volume 1 (The Sixsmiths - Volume 1: 1)

The Sixsmiths are a family of suburban Satanists who've fallen prey to the global recession. Now their life is in turmoil: the father Ralf needs to find a new job; the twins, Cain and Lilith, need to survive the horrors of the public school system; and wife Annie needs to keep them all sane and under budget. Meanwhile, their estranged elder daughter Jezabelle is having her own crisis of faith. Will the Devil rise to smite their enemies, or will he damn them with hellfire, wrath and underwater mortgage payment? Collects issues 1-4. A light hearted comedy satire for adults. Its The Simpsons meets The Osbournes. This is a great book and the creators should be proud of themselves. I believe it is one of the breakthrough graphic novels coming from a new age of Australian comics. - Black Mermaid Productions. ...a fun read that doesn't take itself too seriously and is trying to show how no matter what religion we happen to follow, we all pretty much the same underneath. - Aint it Cool News.
