

Nothing in Arcadia is what it seems. Beneath its facade of order and industry lies a corrupt brotherhood of criminals, cronies, and cops all drawing from the same tainted well. But there's a wrench in this dirty machine, a leather-clad, one-eyed, one-man wrecking crew bent on tearing down the lie of Arcadia, brick by brick. The man known as X cares about only one thing, the rule of law. Unfortunately, that law is X. X Omnibus Volume 2 collects for the first time the audacious, critically acclaimed Dark Horse series that didn't just push the boundaries, but battered them to rubble. Violent and morally ambiguous, X walks the thin line between mission and madness and shows that the devil you know may be better, much better, than the devil you don't.
