

This Summer

Before college, before responsibilities, Hadley Beauman and best friend Lily are determined to have a summer to remember. There will be all the usual dramas - ex-boyfriends who don't seem to know what ex means, pesky younger brothers with unrequited crushes, but what Hadley didn't anticipate was the out-of-the-blue return of the seriously hot boy-next-door, Will Carson. The boy who broke her heart when he skipped town two years ago. Will may have shot up a foot and filled out (oh yes), but inside he carries the weight of guilt - for leaving, for coming back. Now he's just passing through to tie up loose ends but it's clear the old chemistry still crackles between him and Hadley. Trouble is, it's built on two years of lies. This summer might just be the best time of their lives, but is Hadley ready for everything to change - again? Praise for Katlyn Duncan's *The Life After* series! I really loved this book. From the first page I was totally hooked and couldn't put it down until I was finished. - *Dark Faerie Tales on Soul Taken* Soul Taken is a BRILLIANT read! I fell in love with everything about reading Soul Taken special and unique. This is one of those books to look out for. - *A Diary of a Book Addict* Katlyn Duncan's YA debut, *Soul Taken*, is a thrilling ride that will leave you breathless - Jennifer Murgia, author of the ANGEL STAR series & BETWEEN THESE LINES! I loved every page of *Soul Possessed* ONE of the best I've read this year! *Dark Novella* The plot was original and I did not see some things coming. The writing was spectacular. There was the perfect amount of angst, tension, and passion all blended together. *Tween 2 Teen Books on Soul Possessed* Soul Possessed takes this story to a whole new level. In this book, the stakes have been raised, extra layers have been added to a story that will keep you glued to its pages. *Realm of the Shattered Dragon* absolutely epic conclusion to this

series Katlyn Duncan has a fan in me and I cant wait to see what she has planned next!
- The Best Books Ever on Soul Betrayed Soul Betrayed was a perfect ending to the series. I was lost in the story, from the first page to the last. I only wish that maybe there will be more from this world that Duncan created so magically. - Polished Readers a wonderful conclusion to The Life After series. Fans of the series, you wont be disappointed. And, YA lovers, this is a series worth checking out. - Imagine a World on Soul Betrayed
