

The Beings:: A Story of Extraterrestrial Visitations

Are there living beings on other planets in other dimensions? During the night of 17 September 2005, a black figure is seen standing at her bedroom door, a shorter black figure stands in the living room. A series of terrifying, unexplainable experiences and dreams begin to occur. She is propelled into a world of alien beings that seem determined to convince her that she is one of them and has a designated job to do. The author begins a journal documenting remembered experiences over an eight year period.
