

The Christmas Gift

Shortly before Christmas Mason realizes that if he doesn't help, Christmas will be ruined for three kids. Will Mason be able to help? What wonderful surprise will he get? A fascinating easy-to-read story especially designed for beginning readers. This unique book was inspired by the need to create a reading experience which meets the reading level of children who are just beginning their first steps in learning to read. Presented as an integral part of the plot, there are reading sections suitable for a child who is taking his first steps into the world of reading. The shared reading of our book achieves a dual purpose: child-parent quality time and assisting the child in developing the love of reading and making progress towards independent reading.
