

Rider (The Rider Trilogy)

Li-Fang has a way with nature. So she is sent against her will to train as an Agri-Seer, though she dreams one day of joining the Rider Corps like her sister Lixi. Partnered with an arrogant Rider, Daniel Kelso, Lifang must forget the wild Hunter Quetz she met by a hidden waterfall near her home, and accept who she is. Until, that is, a wild Quetz is captured. Lifang discovers she can communicate with the creature, a skill no Rider has ever demonstrated, and must now confront her destiny all over again. Will going against convention be worth the cost?
