

TWO STROKE CARS OF THE PAST

Brand new book celebrating the history of two stroke cars. Theyre all covered in this unique book, DKW, Saab, Wartburg, Barkas, Framo, Trabant, Suzuki, Subaru, Lloyd, Goliath, Goggomobil, Melkus and more. Period road tests, buyers guides, current market values, Where to buy etc. Full of anecdotes, personal experiences and great factory and period photos. Full of model specifications, technical information and the story of each Marque is told in a interesting and conversational manner. A real gold mine of information. If youre into classic cars, youll love this book. Author Mark Telford maintains a popular blog about two stroke cars that has a wide readership that spans the globe. His interest in two stroke cars came about after a chance article appeared in a magazine he was reading. He bought the car that featured in the article and it started a passion for two stroke cars that has been the driving force for this book. He states When I first got interested in two stroke cars, I looked on Amazon and other sites for a book that would further my knowledge and interest. There were such books, but only in German. Not one book existed solely on the topic of two stroke cars in English, so I decided to research the subject and write my own, making it the sort of book Id be happy to purchase. This is the 1st book of its kind ever written in English and is tipped by industry experts to become the definitive book on two stroke cars. The depth of information is superb. This is a substantial book, 8.5 x 11 inches (slightly bigger than A4) with over 330 pages, 90,000 words and over 250 pictures and illustrations.
