

# Unafraid To Die, A Guide of Comfort and Hope for Facing the End of Life

Are you dying? Is someone you care about dying? If so, your mind is probably a jumble of thoughts and emotions. What should you do first? How do you tell people? How do you handle all of the details of dying? Unafraid to Die can help. It will show you how to handle your fear, prepare for the changes you may expect, and get your estate in order. Most importantly this small book with its mighty message will comfort you by keeping eternal life, the very basis of Christian belief, at the forefront of your thoughts. How can I be so sure? When I learned my father was dying, I started gathering notes, scriptures, and to do lists for us. Everywhere I turned God was there, supporting me, guiding me, and finally, calling me to share what He had taught me. Unafraid to Die is the result of that lesson.
