

# Undine

A gorgeously spooky book about magic, family, power and love. Being sixteen is confusing and unpredictable enough for anyone. But if you're Undine, you also begin hearing voices calling you home in the middle of the night - and then you suddenly produce a storm out of thin air. Your best friend Trout insists on falling messily in love with you, while you end up with a crush on his older brother. Meanwhile, the ocean begins appearing in your inland bedroom, and your dead father turns out to be not so dead after all.
