

Unscripted: Living Unscripted is More Than a Career Change... Its a Lifestyle!

Have you ever heard the quote, Do what you love and you will never work another day of your life? My book shows you exactly how to do that. It uses Numerology to point out your natural God given skill so you can master the skill, and match all aspects of your life to it; including your careers. I call that living an Unscripted life. When you live Unscripted your work no longer feels like work, it feels more like another part of your lifestyle. Which is why the slogan for my book is Living Unscripted is more than a career change... Its a Lifestyle!
