

Unthinkable: As America has done to Israel ... (The Crusaders Book 22)

Splitting Israel? A two-nation solution? The little-known story of the disasters that immediately struck when America pressured Israel to divide Gods land. This is the story of Americas treatment of Israel, and Gods quick response. Learn about: The American industrialist honored by Hitler for promoting American anti-Semitism. The Nazi camp in New York wiped out by God with a monster storm after a 40,000-person Nazi rally. The Jewish merchants who helped fund and supply the American Revolution at their own expense. The Jewish friend whom George Washington called for help, when one more battle would win the war, but the war chest was empty. The U.S. President who died suddenly after promising the Arabs there would be no State of Israel without their approval. The U.S. President who ordered, Whatever it takes, save Israel! and a massive military support operation was sent when Israel faced defeat by the Arabs. The four U.S. Presidents who betrayed Israel, and saw America immediately ravaged by increasingly costly disasters. Each President, whether you love him or hate him, makes a decision regarding Israel . . . And there are consequences! Americas future leaders (teens and young adults) must read this message, or make the same mistakes that have destroyed nations before them. God always keeps His promises!
