

Jordan Matthews is a good kid, an average student, and has never gotten in trouble at school before. But today he finds himself in the principals office with fellow classmate Casey Sothern. He doesnt think theyve done anything wrong, and doesnt expect much in the way of punishment until Caseys mother arrives. Which means someones called his parents, too. And theyll know Casey isnt just his best friend, but his boyfriend, as well. Then Jordan sees his father storm through the front doors of the school. Any punishment the principal has planned for catching the two boys kissing in the hall between classes will pale in comparison to what Jordans father might have to say.
