Theirs is a love story that blurs the line between Heaven and Earth. But with one alive and the other dead, its a love that should be over before it even begins. Savannah wanted to kiss him, but she had never even kissed a human guy before, let alone a ghost. How was she supposed to kiss him if he wasnt really there? Savannah has never been in love before, but shes in love with Hunter Emmerton. Hes cute, funny, charming ... and a ghost. How can you date someone if nobody else can see them? When seventeen-year-old Savannah Fraser and her three friends are killed in a car accident, they are given a second chance at life by a group of century-old earthbound spirits who need their help. Savannah learns she is a Chosen One, which means she can switch between human and spirit form, heal people, and control the weather and she is also now invincible. The Chosen Ones are the only ones who can defeat The Forces a trio of evil half-spirits who are slowly destroying the perfect little town of Fort Everwick with violent storms and not-so-natural disasters and stop them from harming everyone they care about. The Forces are set on destroying everything Savannah knows and loves, but they also have a more sinister plan they want a new member to join them. They wont give up until they get the one they want and they have Savannah firmly in their sights. But what Savannah didnt count on was falling in love with Hunter. Shes never loved anyone the way she loves Hunter, and she knows he loves her, too. But how can they be together forever if he no longer exists

and shes the only one who can see him?
Will Savannah have enough belief in herself to defeat The Forces, or will they be able to lure her to the dark side and turn her against her loved ones and tear her and Hunter apart?
