Even the best resume won't guarantee you a consulting job, but it's essential to getting your foot in the door of a top firm and putting your candidacy into serious consideration. That's why your resume must convincingly present your consulting skills and capabilities, even if you don't have any professional consulting experience. This Insider Guide will show you how to create a resume that will do just that. Turn to this WetFeet Insider Guide to explore how to improve the quality of your resume to enhance your marketability. Buzzword bozos, or the quickest line between your resume and the trash can. Reviews and rewrites of resumes and cover letters from real-world consulting hopefuls. How resumes are used in the consultant recruiting process. How recruiters use (or don't use) cover letters. Insider tips for resume content and format.
