

This Book captures a rather unique, yet profoundly accurate perspective on the relationship dilemma largely commonplace in our World today. This timely work examines the mostly overlooked, all-too-common sources of the many ins and outs and ups and downs presently rampant in relationships and marriages; and insightfully discusses, the various ways in which true self-love, sustainable happiness, overall well-being, etc - the things we all crave, knowingly or unknowingly - have been forever forfeited because of them. Do you frequently feel misinterpreted or feel overwhelmingly misled or victimized in your relationships? Do you find yourself frequently passing-the-blame to, or being blamed for whatever; or expecting what seems like too much of and from your partner or vice versa? Does it often feel as if you're involved in continual combat with your spouse or partner, rendering your relationship an all-out Battlefield - all in an attempt to be right or to defend yourself against what seems like an all-out attack on your person? Why is this so? What are the true causes of this ongoing dilemma? Is Love or the lack of Love for you in your partner to be blamed? Does it all boil-down to a simple, deep-rooted, gender issue? Is it at all possible that Men really do Love Women, while Women only Love Themselves? Lets find out the truth to this! Get all your life-earned answers between the covers of this groundbreaking, thought-provoking book.
