

## Creating Your Life: What You Shouldve Learned as a Teen

Imagination is the tool with which you architect your life. Your mind has the ability to inhibit or enhance your imagination. This book shows you secrets of how your mind works. It gives you keys to being a success by simply thinking differently and acting in new ways. Though there are no guarantees, if you learn to apply what this little book shows you, you will move more quickly into becoming the person you have always wanted to be.
