

## When Mr Dog Bites

Hilariously touching and outrageously unforgettable: Mark Haddon's Christopher Boone meets Holden Caulfield on one \*#@! of a journey. . Dylan Mint has Tourettes. Being sixteen is hard enough, but Dylan's life is a constant battle to keep the bad stuff in - the swearing, the tics, the howling dog that seems to escape whenever he gets stressed... But a routine visit to the hospital changes everything. Overhearing a hushed conversation between the doctor and his mother, Dylan discovers that he's going to die next March. So he grants himself three parting wishes or Cool Things To Do Before I Cack It. But as Dylan sets out to make his wishes come true, he discovers that nothing - and no-one - is quite as he had previously supposed. It's the F-word - funny, foul-mouthed, fantastic! Charlie Higson loved Dylan Mint. He made me laugh out loud and his tenacity had me rooting for him from the first page. Stephen Kelman, author of Pigeon English
