

## Recycled Women

This Cover is now OUT OF PRINT and has been reissued and revised under the title Broken Hearts Have No Color, Stories of Women who Recycled Their Pain and Turned It Into Treasure. Regardless of the color of your skin, nationality, age, education, financial status or religious affiliation, a broken heart is inevitable and sadly as it is, just a part of life. We can choose to give up everything and live a life of regret, or make a choice to look for the treasure in the trial and refuse to give up. Broken Hearts Have No Color is a collection of true stories of women and one man who recycled their pain and turned it into treasure. This book offers hope to those who are deeply wounded including parents who are experiencing heartache by watching their children take a dangerous turn towards self-destruction. These life changing stories are evidence that you, your child, friend or spouse can heal, trust and love again. Yes, the scar will remain, however there is proof that anyone can live a happy and victorious life regardless of what happened in their lives. These stories are guaranteed to captivate your heart and refresh your soul while inspiring you to live your life to the fullest and never settle for anything less.
