

## So You Think You Know Me

So You Think You Know Me is about the life of Siobhan Foster and the choices she made growing up in Ireland. It is her perspective on her life and is told with honesty and humour. Instead of letting her situation corrupt her, she set out to find a different path to break the behavioural loop of her ancestors. We cannot change others, only ourselves, so Siobhan took a magnifying glass and turned it on herself to see the changes she needed to make. Throughout her story you can see how she made hard choices that forced her to change and see herself and the world through different eyes. She changed her best friends of despair, anger and resentment, into tenacity, courage and hope. This is a story about not giving up despite the odds being stacked against you. In her creative way, Siobhan takes you on an emotional journey where you will laugh with her, cry with her and get sucked in and absorbed into her world as she searches for peace, joy and freedom. Let it inspire you to change. As each person chooses to change, the world becomes a better place. Also by Siobhan Foster The Leprechauns Made Me Write This JOKE BOOK
