

Angelic Business. The Full Trilogy: A Young Adult Paranormal Series

The Angelic Business trilogy tells the story of Pink, a 17 years old girl whose ordinary life gets suddenly invaded by demons and angels telling her she is the elected and has the future of humanity, and of Heaven and Hell, in her hands. Or perhaps she isnt. It depends on whom she believes. Weird things start happening all around her, and her friends and family become possible victims of these paranormal beings. Is Pink the true elected? And if she is, what will she do about it? Angelic Business. The Full Trilogy, collects the three novels in the Angelic Business YA series, and follows the story of Pink, who is the elected to sort out the differences between Heaven and Hell. In Angelic Business 1. Pink Matters, we meet Pink, a 17-year-old girl, good student, articulate and smart. But she has never been the centre of attention or reached the top ten list of the most popular and attractive girls at school. When two guys, G and Azrael, suddenly appear, claim to be angels, insist that she is, indeed, special, fight for her attention and help, and tell her she is the key to the future of the universe, she is quite cynical. But these guys can do pretty amazing things, even miracles, so she has to do some thinking. In Angelic Business 2. Shapes of Greg, Pink discovers that demons come in all shapes and sizes, that some celestial and demonical beings can be very stubborn, and manages to save one of her closest friends, Sylvia, from a very dangerous situation, with a little help, both human and otherworldly. But she knows she has to be careful because Hell doesnt lose gracefully and demons make no favours. Everything comes with a price tag. Angelic Business 3. Pink, Angel or Demon?, gets angels and demons really close to Pinks home. She knows she has to make a decision before somebody decides for her. She does her best to ensure that all her friends and family will be happy, and prepares for the final battle, with some plotting and

conspiring in between and even a bit of romance thrown in for good measure. The battle between Heaven and Hell will be fought by Pink, a 17 years old girl, who refuses to believe in angels and demons. But if they dare to threaten her friends and family, theyll really have a fight on their hands.
