

Enjoy Your Retirement: the next best phase (Tips Series) (Volume 3)

Enjoy your retirement is a little book filled with tips that apply to people of every age everywhere. They are great reminders that we can make retirement our best phase yet. As the reviewers wrote: You will be a better, happier and more fulfilled person who rises each day looking for someone else whose life you can improve for the better. Elizabeth Now that you are retired, start living by Boomy Tokan. If I am allowed to retitle this book, I will call this one Now that you are retired, start living as you should. This book is packed with tips not only for the retired but also for everyone. The retired will have a lifetime to thoroughly digest and live according to the words of this book. Reading this book is motivational, inspiring and reaffirms purpose. Another reason why I like this book is that it is loaded with quotes! My two favorite ones are: You're all obligated to do what you love because that's where your gifts lie and those gifts belong to all of us. Barbara Sher, author of Wishcraft. The second is See the invisible tattoo on everyone's forehead that reads: PLEASE MAKE ME FEEL IMPORTANT. I recommend this to everyone! This book contains so many reminders and tidbits of how we ought to live our lives whether we're retired or not. Why wait till retirement to live life to its fullest? The author is gently and wisely pointing us the direction of enriching our lives with those intangible qualities that make the difference between a life that is ok and one that is great. Flora I love that Ms. Cassidy reiterates the importance of people, touching and sharing different thoughts, joys, and sorrows. Even if you are not retired, what a great little book! Mary J. Berger I will use a lot of the author's suggestions and tips in my daily life, both professional and personal. jnayllis
